Graduation 122

Our most difficult task this year in putting the **Montage** together was deciding upon a new and exciting theme. After much thought and deliberation among the staff members, we came up with our interpretation of **WAAC** – the foundation and creation of the book.

Currently **WAAC** is undergoing a facilities-improvement program which includes both renovation and new construction. We are sorry we won't be able to enjoy these new buildings ourselves, though future students will benefit greatly by these changes.

We tried to capture the way our college was in 1978-79. Grab on to it, hold it, look at it often and reflect upon the memories you have had.

"Thoughts are but dreams till their effect be tried."

William Shakespeare

This year you tried to put some of your thoughts into action. At times you surprised yourself by finding out that you could do it, thus both tapping and immediately recognizing your previously unknown potential. At times you failed, and learned hard lessons about why which will help you in the future. At times the results of your action were mixed. Through it all you changed; you grew in your knowledge about yourself and in your potential to reach your career goal.

Now the year is over. Captured in this yearbook are people, places, and activities which comprise what we could call WACC - 1978-79. I hope that as you use this yearbook to reflect on the past your memories will, for the most part, be pleasant ones.

As President, I have enjoyed being a small part of your experience here at WACC. On behalf of the Board of Trustees, Faculty, and Staff I want to wish you the very best as you continue to turn your dreams into action.

William Feddersen
President

"THE COMMUNITY IS OUR CAMPUS"

GRADUATION

MONTAGE STAFF

When I agreed to be editor of the 1978-79 Montage, my biggest question was how? I want to thank my staff and our advisor for proving that though we were small in size, we were big in dedication. This yearbook was a difficult, and sometimes a very trying task, but with our combined efforts we present you with this unique book – THE MONTAGE.
